

Product Evaluation Process (PEP) – Industry Consultation

Guiding Questions

The following questions are intended to collect feedback on the presentation and clarity of the PEP as well as the guidance provided by the PEP Instruction Manual:

Q1 – Is the PEP flow chart and sequence of questions understandable?

Q2 – Is the objective and expected outcome of the PEP understandable, and clearly described in the Instruction Manual?

Q3 – Are the PEP questions clearly formulated? Does the Instruction Manual provide adequate explanations of the PEP questions?

Q4 – Are the evaluation criteria of the PEP questions understandable, and clearly described in the Instruction Manual?

Q5 – Do you consider the Instruction Manual a useful guide for the application of the PEP?
